

# Astronomer's Day 2008

---

Tuorla Observatory, 14.11.2008

Dear astronomer. Below is the schedule for the Astronomer's Day 2008 at Tuorla Observatory. Times may vary slightly, but we will try to stick to this schedule as good as we can. Enjoy!

**11:05** Welcoming words and opening of the day (by Esko Gardner)

**11:15** Jyri Näränen: "Regolith effects in planetary soft X-ray fluorescence spectroscopy"

**11:40** Mauri Valtonen: "Testing theories of gravitation by OJ287"

**12:05** Petri Savolainen: "Spread of matter on the surface of a neutron star as evidenced by X-ray spectra of GX 9+9"

**12:30 – 13:30 Lunch**

**13:30** Chris Flynn: "Earthshine"

**13:55** Heidi Lietzen: "Nearby quasars in Sloan Digital Sky Survey"

**14:20** Aleksandr Mylläri: "School Astronomical Olympiads"

**14:45** Closing of the official part of the day (by Esko Gardner)

**15:00 Visit to the new Planetarium**

Pulla and cake to end the day, and discuss astronomy, astrophysics, and the weather...

On behalf of the board of the Astronomical Society we wish you a pleasant and interesting day!
